5 Your declaration

By signing below, I acknowledge that:

- I have read and understand the options and choices I have made on this application;
- I understand that the VPB allows me to withdraw the money, subject to the minimum annual withdrawal payment required by the *Income Tax Act*, (Canada);
- I understand there is no maximum annual withdrawal limit for Saskatchewan. I may withdraw part or all of the balance of the VPB account at any time;
- I am responsible for my investment decisions and understand that investing involves risk and that it is my responsibility to seek the appropriate financial counseling in making my investment decisions;
- I understand that if I have an account balance with PEPP, my current account balance will be transferred to reflect my investment instructions in Section 2 (if applicable);
- I understand that until I provide alternate instructions my existing investment instructions will continue;
- I understand that if the investment decisions I make do not meet my expectations, neither PEPP, nor the Government of Saskatchewan, nor any of their employees or agents, has any liability to me, arising from my investment decisions or acting in accordance with my instructions, including any default instructions; and
- The information provided on this form is accurate and correct as of the date of my signature.

VPB Application Guide and Checklist

This guide is intended to help members, like you, complete their *Application for Variable Pension Benefit (VPB)* form. If you require more information, please visit our website at pepp.plannera.ca or contact PEPP.

1 Tell us about yourself

Please provide PEPP with some basic information about yourself. Current and former PEPP members can apply for the VPB, so please indicate which applies to you. You must have a minimum account balance or transfer in a minimum dollar amount to qualify for the VPB. **Note: The minimum amount for 2024 is \$13,700.**

2 Tell us how you would like your account balance invested

Select a fund: You may invest in up to three funds at one time. Choose from **one of the six** asset allocation funds (PEPP Steps, Conservative, Moderate, Balanced, Growth or Accelerated Growth) and/or one or both of the **two** specialty funds (Bond or Money Market) or invest solely in specialty funds.

Investment Instructions: You may transfer among the investment funds at any time providing you never hold more than one asset allocation fund at a time. All fund transfers you complete using PLANet are free! If you choose to use the [Investment Option Change form](#) there will be a \$30.00 processing fee charged for each transfer *after* your first two transfers in a fiscal period (April 1 – March 31).

For more information on PEPP investment options or how to transfer registered money into your PEPP account, access the [PEPP Talk on Transferring Money into PEPP](#) on the website.

3 Decide whose age you wish to use for the required minimum withdrawals

In the calendar year you reach age 72, you will be required to begin withdrawing at least a minimum amount annually based on the *Income Tax Act* (Canada). This minimum is calculated using your total account balance each January 1 multiplied by a prescribed factor. The prescribed factors increase with age. You may use your age, or spouse's age for the factors (using the younger person's age would result in a lower required minimum withdrawal). If you withdraw more than the minimum, no further withdrawal is required.

4 Tell us how you would like to receive your payments

You can schedule payments, request lump-sum payments, do both, or not take any payments, if you are under age 72.

- Prior to age 72 there is no minimum withdrawal required.
- The maximum you can withdraw may be subject to a maximum annual withdrawal limit, based on the jurisdiction of the locked-in funds. **Note: There is no maximum annual withdrawal limit for Saskatchewan.**
- All withdrawals from your VPB account are paid electronically directly to your bank account.
- VPB payments cease and the account is closed once the balance is depleted to \$0.00.
- Payments are made by redeeming units from your account based on your payment instructions.
- You may change the investment fund your scheduled payments are made from using the [Investment Option Change form](#) (Section 5). A \$30.00 fee is charged for each change after your first one within each fiscal year. **Note: There is NO cost to request a lump-sum payment and/or change your payment schedule online through PLANet.**

Income Tax

Your VPB account is tax-deferred until withdrawals/payments are made. PEPP is required to withhold income tax from all payments and forward it to the Canada Revenue Agency (CRA) on your behalf. You will receive a T4A slip at the end of February, if you received payments the previous year.

VPB members are eligible at age 65 for a \$2,000 pension income amount used for determining non-refundable tax credits and income splitting with their spouse when filing their annual tax return.

Ultimately, the tax liability falls to you and will be determined when filing your personal income tax return. Please forward a completed TD1 ([federal](#) and provincial) to PEPP.
